

## **PROGRAM FOR DOS CARDS**

You need an old "WinDup" version of the program to duplicate cards of the DOS type. c.f

[https://www.duplimate.eu/Service\\_instructions/Barcodes.pdf](https://www.duplimate.eu/Service_instructions/Barcodes.pdf)

Note that this version was written for Windows 95 and therefore not fit for modern Windows versions.

Your Duplimate can be upgraded so to a fit modern Windows but then it cannot read DOS cards.
